

HIGHLIGHT YOUR BRAND OR TECHNOLOGY IN OFFSHORE'S SPECIAL REPORT ON EUROPEAN TECHNOLOGY!

Showcase your products, services, and technologies before a targeted audience interested in learning more about emerging technologies from European regions.

In November, **Offshore** will publish a Special Report and highlight the latest tools and technologies from Europe being used in the global offshore oil and gas market, and provide an update on operator perspectives and strategies for advancing project development in today's low oil price environment.

Topics covered will include:

- New technology development
- Subsea gas compression/boosting/processing
- Low-cost field development strategies
- Long-distance power solutions
- Decommissioning trends
- Brownfields and new EOR techniques
- Supply chain improvements
- Simplification and standardization

DISTRIBUTION

In addition to **Offshore** magazine's subscriber base of over **48,000**, the Supplement will be distributed to almost **90,000** *Oil & Gas Journal* and *Oil & Gas Financial Journal* **digital issues** subscribers worldwide. The Supplement will also be available in PDF format on www.offshore-mag.com
