2009 Editorial Calendar

No. 1-2 Jan/Feb (Closing Jan. 28th)	Events / Bonus Circulation
<p>Main Topics: Oil Refining & Petrochemicals</p> <p><i>Key issues facing the Russian oil refining industry. Analysis of the Russian petrochemicals industrie. Catalysts</i></p> <p><i>Logistics and new equipment. Annual review of various branches of the oil and gas complex.</i></p> <p><i>Translated articles from the international Oil & Gas Journal include the preliminary results of the global oil and gas industry in 2008 – current tendencies and forecasts for production, drilling, refining and pipeline transport.</i></p>	<p>EAGE, Tyumen, March 2-5 Oil & Gas 2009, Orenburg, February 18-20 Neftegazsnab, Moscow, March 12</p>

No. 3 March (Closing February 26th)	Events / Bonus Circulation
<p>Main topics: Power Systems for the Petroleum Industry + + + Business climate</p> <p><i>Articles focusing on the most relevant issues of government regulation and legislation. Business climate.</i></p> <p><i>View from the USA: the changes that oil companies are enduring under the influence of the price situation in the global market, tendencies in resources nationalization.</i></p> <p><i>Gas market liberalization in Europe.</i></p> <p><i>ACCENT on the power industry (including non-hydrocarbon energy, nuclear and others) and power engineering. The issue will also focus on alternative energy and ecology.</i></p> <p><i>International spotlight on Brazil, with the American viewpoint of the country's oil and gas sector development Description of cooperation projects between Russian companies and the Brazilian oil and gas industry.</i></p>	<p>Neftegasexpo, St. Petersburg</p> <p>7th Russian Energy Forum Russian Fuel & Energy Complex in the 21st Century (Moscow, April 8-11)</p>

No. 4 April (Closing March 24th)	Events / Bonus Circulation
<p>Main topic: PIPES & Pipelines, Valves. The Russian pipe market, technological and economic aspects of pipe manufacturing and the export potential of Russian pipe mills.</p> <p><i>Articles on pipes and pipelines.</i> <i>Global statistics and analysis on pipeline construction</i></p> <p><i>Gas as an automobile fuel: market outlook</i></p> <p><i>Survey of advanced global drilling technologies.</i></p> <p><i>View from the USA: energy policy and the business climate in the Russian oil and gas sector. Analysis of centralization trends.</i></p> <p><i>Annual review of oil refining technology and the global state of the sector (translated).</i></p>	<p>EPC Refining & Petrochem Conference Atyrau Oil & Gas Pipeline Transport, Moscow</p>

No. 5 May (Closing April 24th)	Events / Bonus Circulation
<p>Main Topics: Caspian Oil & Gas</p> <p><i>Resource pack on Azerbaijan and the Caspian region</i></p> <p><i>Materials on standards and technical regulation in the oil and gas sector</i></p> <p><i>Well Technologies: hi-tech methods for the intensification of production using state-of-the-art well equipment (sensors, controllers and others)</i></p> <p><i>Refining process automation.</i></p>	<p>OGU Tashkent Oil and Gas Sector Equipment Standards (Standartneftegaz, May 14 in Moscow) 6th Intl. Conference Offshore Upstream Oil & Gas 2009 Kazakhstan, Astana, Caspian Oil & Gas, Baku, Ros-Gas-Expo, St Petersburg.</p>

No. 6 June (Closing May 28th)	Events / Bonus Circulation
<p>Special Topics: MIOGE – Moscow International Oil & Gas Exhibition + + + OFFSHORE + + + LNG</p> <p><i>Traditionally the biggest issue with expanded content. The issue will focus on geopolitics, energy strategy, major projects and oil services.</i></p> <p><i>Accent on "Offshore", including a survey of global offshore development technologies.</i></p> <p><i>Statistics and analysis on the construction of new sites internationally: oil refining, gas treatment, petrochemicals, pipelines, liquefied natural gas, synthetic fuel and others.</i></p> <p><i>Survey of the global LNG market.</i></p>	<p>MIOGE Moscow</p>

No. 7 July (Closing June 27th)	Events / Bonus Circulation
<p>Main Topics: Geology and geophysics + + + Arctic Drilling and Production</p> <p><i>Resource pack on Sakhalin, the prospects for the development of the Arctic and Russian and CIS continental shelf.</i></p> <p><i>In Focus: Arctic drilling and production (translated)</i></p> <p><i>ACCENT: Geology and geophysical survey, including translated article on computer technologies and "a new look at subsurface resources".</i></p> <p><i>Well completion methods.</i></p> <p><i>Oil refining in Europe.</i></p> <p><i>Global gas treatment statistics and analysis. Trends and forecasts in light of projects to build new refining and pipeline capacity.</i></p> <p><i>Oil bearing sands and heavy oil – how the world's oil companies resolve these problems (survey).</i></p>	<p>RAO/CIS OFFSHORE, S.Petersburg</p>

No. 8 August (Closing July 24th)	Events / Bonus Circulation
<p>Focus: National Oil Company Profiles Best from the international Oil & Gas Journal</p>	<p>Oil, Gas Petrochem, Kazan Fuel & Energy Complex, Tyumen).</p>

No. 9 September (Closing August 27th)	Events / Bonus Circulation
<p>Focus: Refining & Petrochem Technology Turning crude into products</p> <p><i>Focus on technology and equipment for the Russian oil and gas industry, petrochemicals sector.</i></p> <p><i>ACCENT on the modernization of Russian oil refineries, enhancing automobile fuel quality for compliance with international standards.</i></p> <p><i>Focus also on key projects and development issues for Kazakhstan's oil and gas industry, Central Asia and the Caspian region.</i></p> <p><i>Statistics and analysis on the global ethylene market and production capacity Today's national oil companies (view from the USA, translated).</i></p>	<p>RAO/CIS Oil & Gas, St. Petersburg Refining & Petrochem Technology, Moscow KHIMIA, Moscow Orenburg Oil, Gas, Petrochem + Power 2009</p>

No. 10 October (deadline Sept. 26th)	Events / Bonus Circulation
<p>Focus: Drilling & Production Geographical Focus: Kazakhstan</p> <p><i>Emphasis on drilling, well construction, in-field construction, oil services market. Articles include the ecological aspects of drilling</i></p> <p><i>Statistics and analysis on the world's major upstream projects</i></p> <p><i>Analysis of activity on European shelf: exploration and production.</i></p> <p><i>OGJ rating of the world's biggest oil and gas companies (assessment and production statistics and financial results).</i></p>	<p>KIOGE, Almaty Oil & Gas Exhibition, Kiev Oil & Gas Services in Russia (October 20, Moscow) Fuel & Energy Complex: Oil, Gas, Coal, Power 2009 OGE'2009 (November 10-13, Moscow).</p>

No. 11 November (deadline October 28th)	Events / Bonus Circulation
<p>Main Topics: Information Technology Automating the plant – Instruments and methods refiners, gas processors and petrochemical manufacturers us to optimize plant streams</p> <p><i>Accent, In focus: High technology for the oil and gas sector; offshore development. Articles and analysis of oil and gas sector recruitment.</i></p> <p><i>Statistics and analysis of market for catalysts for the global oil refining and petrochemicals industry.</i></p> <p><i>Economic aspects of pipeline transport in the United States.</i></p> <p><i>Sulfur production. Problems of selling oil refining byproducts</i></p>	<p>Offshore Oil & Gas, Murmansk OGT Ashgabat Oil & Gas Industry Recruitment, Moscow Offshore Equipment (Dec, 3, Moscow).</p>

No. 12 December (deadline Nov 28th)	Events / Bonus Circulation
<p>Main Topics: Review 2008 - Outlook 2010</p> <p><i>The last issue of the year will contain preliminary results analysis and subject index for frequent reference by readers.</i></p> <p><i>In focus: geophysical and seismic surveying, review of latest technologies</i></p> <p><i>Survey of global activity in the field of drilling, including offshore.</i></p> <p><i>Pipelines: review of transportation technologies, pipeline operation and management</i></p>	

Oil & Gas Journal Russia is a license edition of the international, American based Oil & Gas Journal
Circulation: 10.000 copies

Geographical distribution: Russia and CIS countries / Former Soviet Union

Readership: Top Professionals, Manager & Engineers in Upstream, Midstream & Downstream Operations

Advertising rates: 1/1 page 4c: EUR 6090 - 1/2 page 4c: EUR 3700 - 1/4 page 4c: EUR 2030
