Oil, Gas & Petrochem Equipment's mission: To communicate the most current product and service information to petroleum/gas officials worldwide with buying or specifying authority.

Oil, Gas & Petrochem Equipment (OG&PE) is the oil and gas industry's only new products tabloid and single most complete source of WHAT'S NEW. For 50 years, OG&PE continues to be the leading U.S. source for new product information throughout the \$ 53-billion petroleum equipment / services marketplace. **Now OG&PE has a worldwide presence as the only tabloid magazine with a complete and total focus on petroleum & gas equipment, products, systems and services information.**

Your OG&PE advertising reaches a broad range of engineers, operating managers, superintendents, supervisors, foremen, and more .. in Drilling & Production ... Refining and Petrochemical Processing ... Natural Gas Processing ... Pipelining ... Storage and Transmission ... Engineering & Construction ... for Onshore & Offshore Operations.
